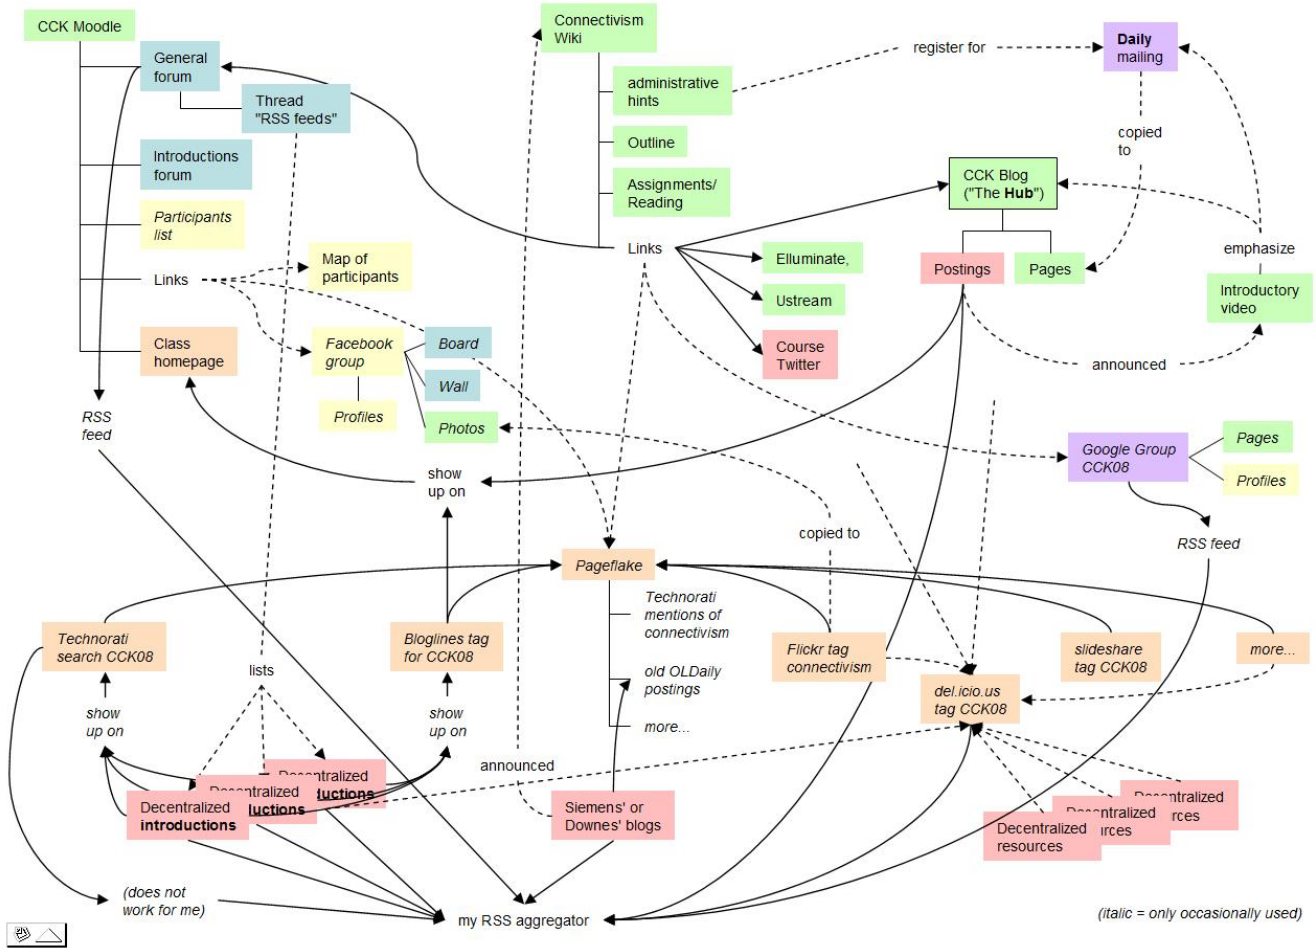
Connectivist MOOCs



http://x28newblog.blog.uni-heidelberg.de/2008/09/06/cck08-first-impressions/

What are MOOCs

- Massive – by design
- Open – gratis and libre
- Online – vs. blended and wrapped
- Courses – vs. communities, websites, video collections, etc

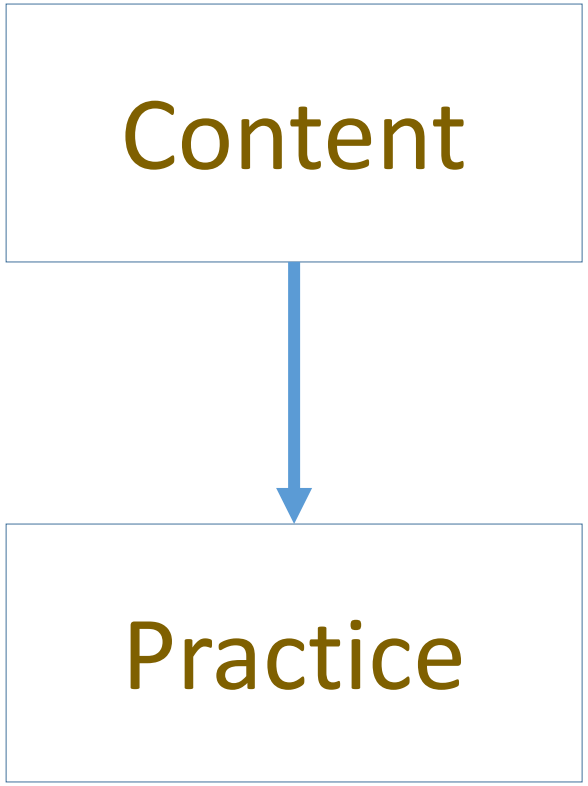
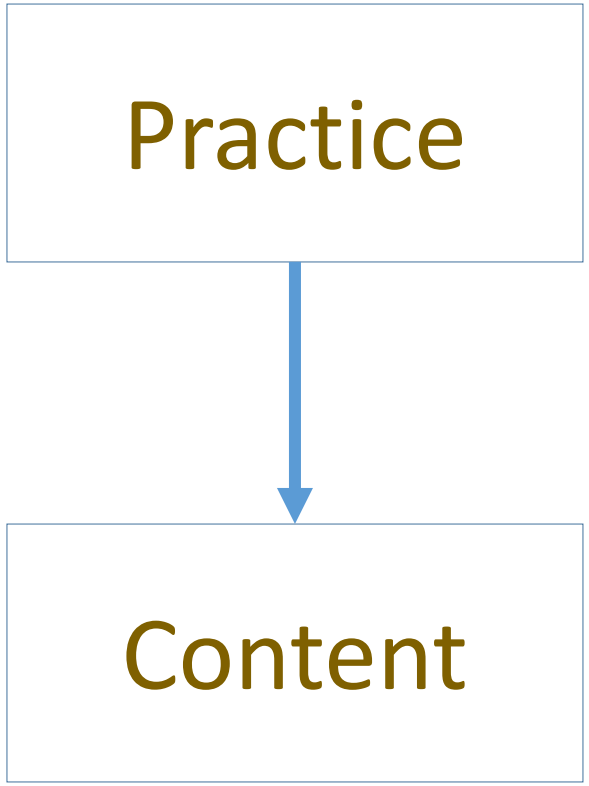
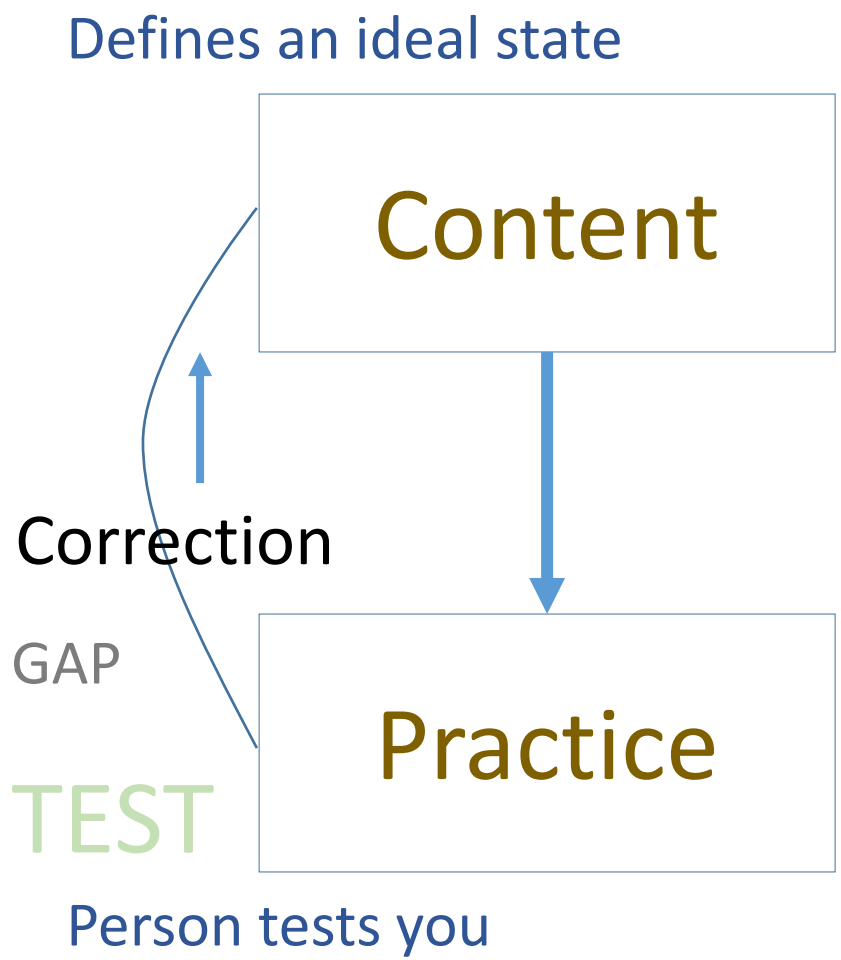
Two Approaches…

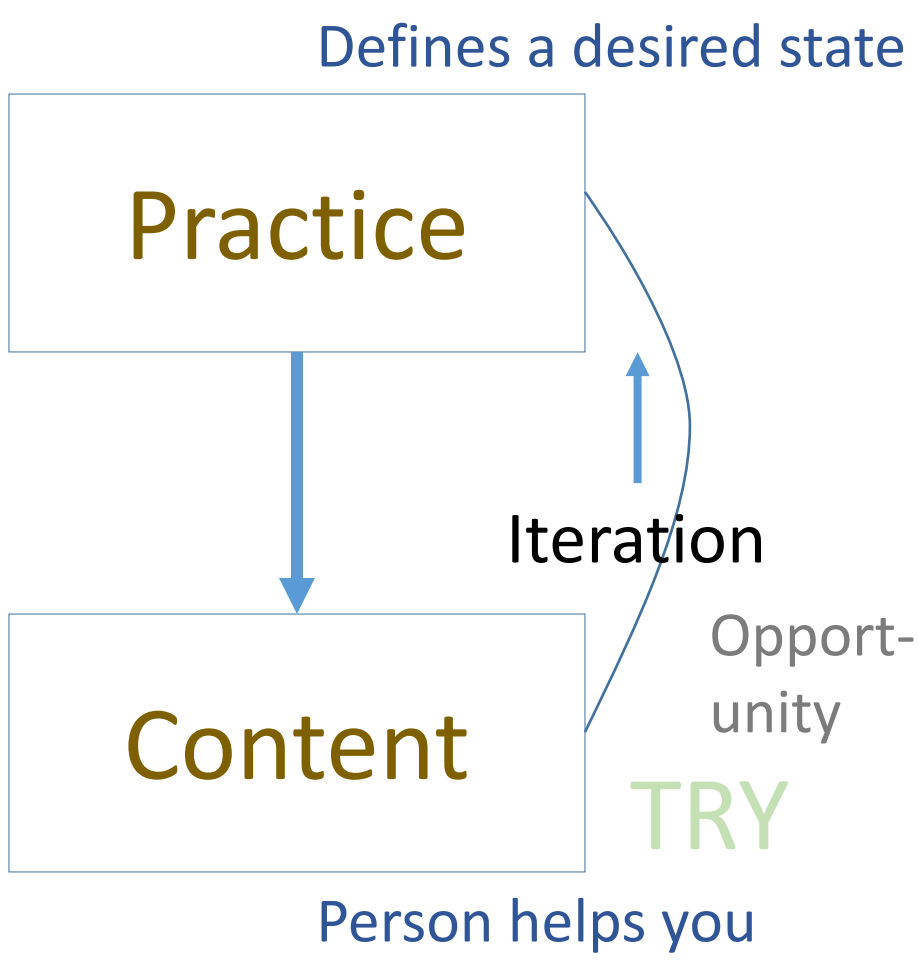




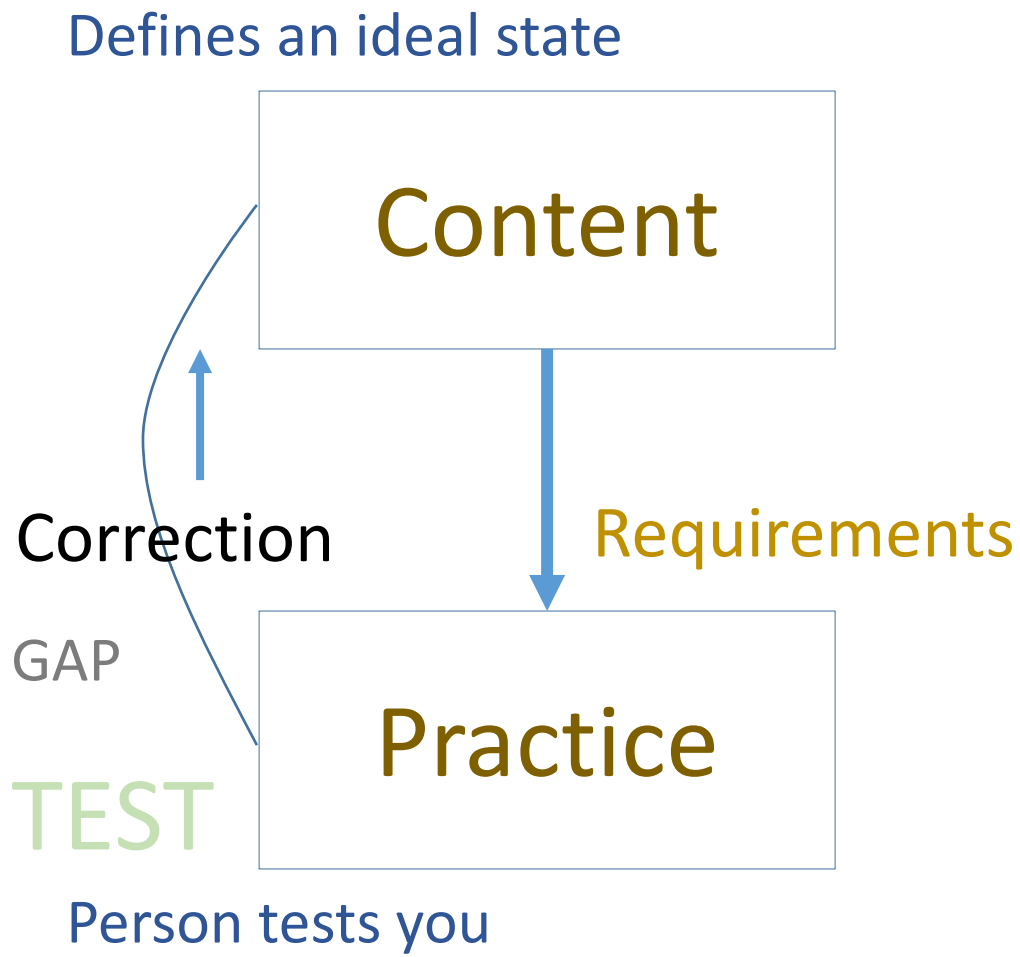
Two Approaches…

Two Approaches…

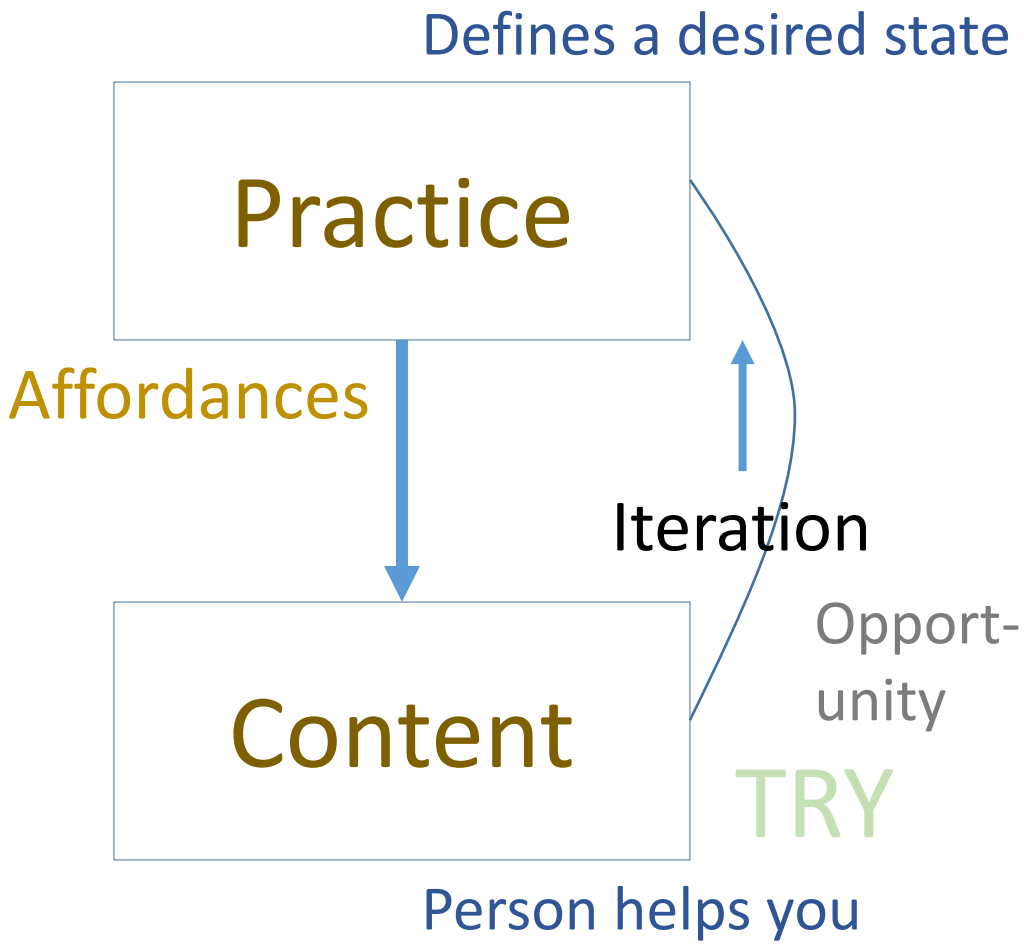




Library

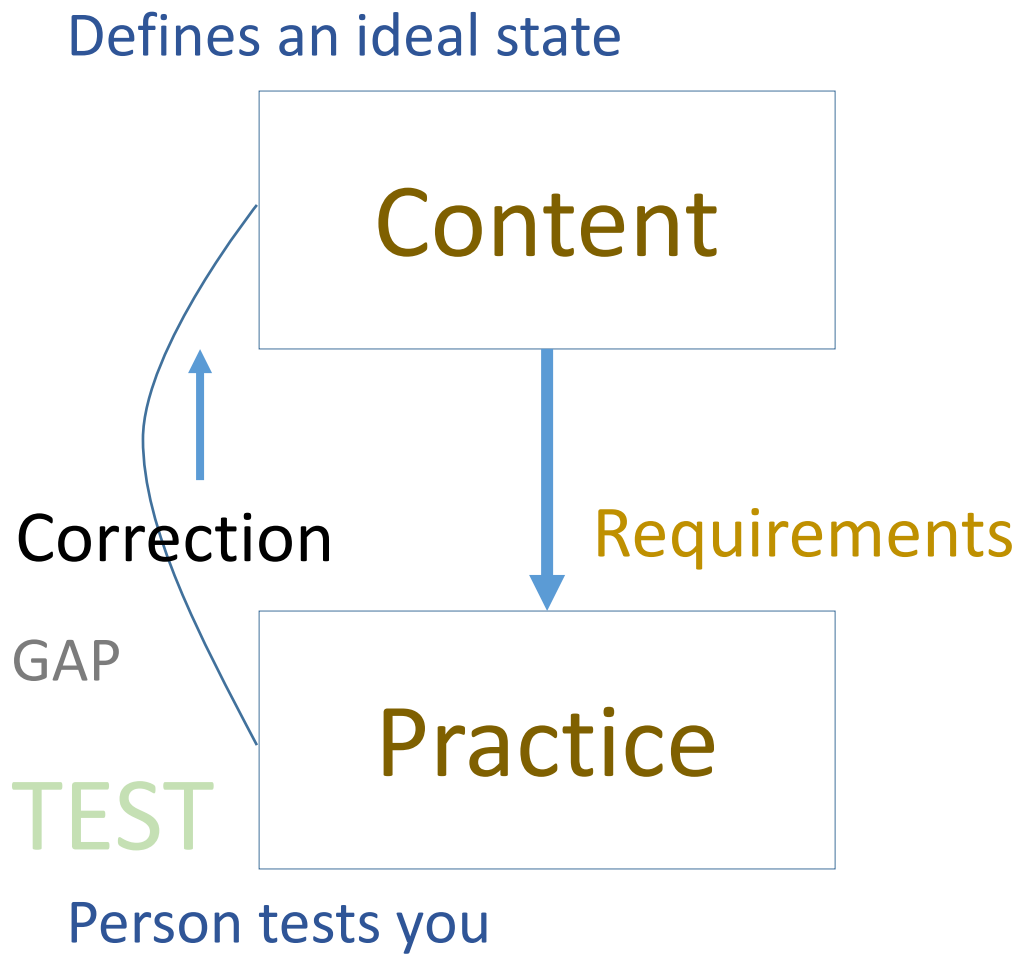


Environment



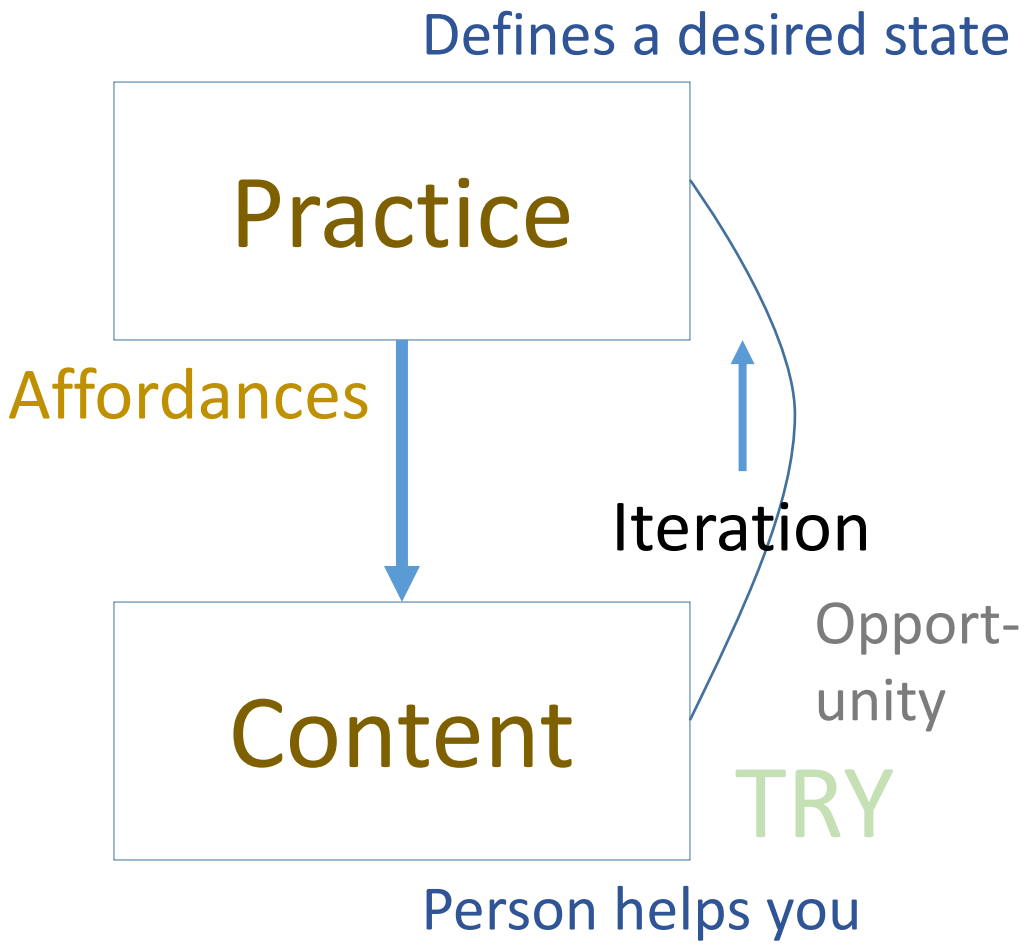
Personalized

We do for you



Personal

You do for yourself



Personal vs. Personalized

- Compare between:
  - Personalized health care (something the National Health Service or Health Management Organization provides)
  - Personal health care (something you do for yourself)
- Personal goals versus institutional goals
- Practice versus content

The Semantic Condition

- Autonomy, diversity, openness, interactivity
- These conditions are the conditions for a constructive dialogue…
- And are thus the design principles for a MOOC
